## So, how does the showcase work?

- The showcase begins with a half hour "Meet the Panel" session; the agents and casting directors will introduce themselves and give some basic pointers about working the NY market. YOU get the chance to speak to them, ask questions about the NY market.
- Next....you perform your choices of two of the following: commercial, monologue, song, or dance.
- Each participant will then receive verbal and WRITTEN feedback with a chance at procuring work in NY.

We have lots of success stories here at Wickline Casting and we are hoping yours will be one of them.

**This showcase is open to Adults as well as children over age 10 (no beginners).**
